Information Meeting

Welcome!

Mission: To provide a quality education in a safe, loving, Christ-Centered environment.

We are committed to a program where: Individuality is respected, curiosity is encouraged, effort is rewarded, success is recognized, and children are nurtured and valued.

Our program is designed to provide quality instruction which is developmentally appropriate and meets the physical, cognitive, social, emotional and spiritual needs of the young child.

Christian Philosophy: Our intention is to provide daily opportunities for spiritual enrichment and guidance that builds a foundation of faith. This happens in and outside of planned instruction. Our teachers look for and welcome opportunities to teach children about Jesus, His love for us, and our need and desire to serve Him.

Staff: Staff members at Redeemer by the Sea Lutheran Kindergarten and Preschool are fully qualified and meet the State of California licensing requirements. We understand that you are entrusting us with your most valuable asset, your child, and we take that responsibility seriously.

We feel that we are contributing to our country's future by what we teach, the example we set, and the spiritual guidance your child will receive. It is our intention at Redeemer to minister to you as a family and we feel privileged to do so.
